BARRIER & SECURITY DOORS

GUIDE TO SELECTING A DOOR

Once you have measured your doorway and determined the size of the door you require. Simply select the most suitable door from our extensive range. **All the information you require is on the spine of the door packaging making it easy to select the right door.**

STEP 1: CHOOSE TYPE OF DOOR YOU REQUIRE:

BARRIER DOOR

MAKE IT **EASY**
Protector^{AI}

Barrier doors are designed to keep the pets and kids in whilst keeping the pests out and allowing the free flow of air.

They are available in standard metric and imperial fixed sizes plus adjustable sizes as shown:

FIXED

ADJUSTABLE

IMPERIAL

806mm
X
2024mm

METRIC

813mm
X
2032mm

FITS ANY
DOORWAY:
2030mm–
2070mm
X 808mm–
848mm

Tip: Use these colour codes at top of packaging to help identify the door you are looking for.

SECURITY DOOR

MAKE IT **SECURE**
Protector^{AI}

Security Doors provide you with peace of mind knowing your family and valuables are safe. These doors are fitted with quality Doric triple locks and have been tested to, and have far exceeded AS5039 – 2008. They are available as adjustable only:

ADJUSTABLE

FITS ANY
DOORWAY:
